

Color Temperature
2200K

Luminous Flux
16,000 lm

Low Power Consumption
190W

Efficiency
92%

Class
ME1~ME6

Waterproof /Dustproof
IP65class

LLM0729A product achieves low power and high performance by new light engine. This streetlight has long stable life time even in severe conditions because of preventing measures against deterioration by sulfurization. In addition, this product appropriate for illumination of roads class from ME1 to ME6.

■ Feature

- Color Temperature 2200K
- Luminous Flux 16,000 lm
- Power Consumption 190W
- Illumination of roads class from ME1 to ME6.

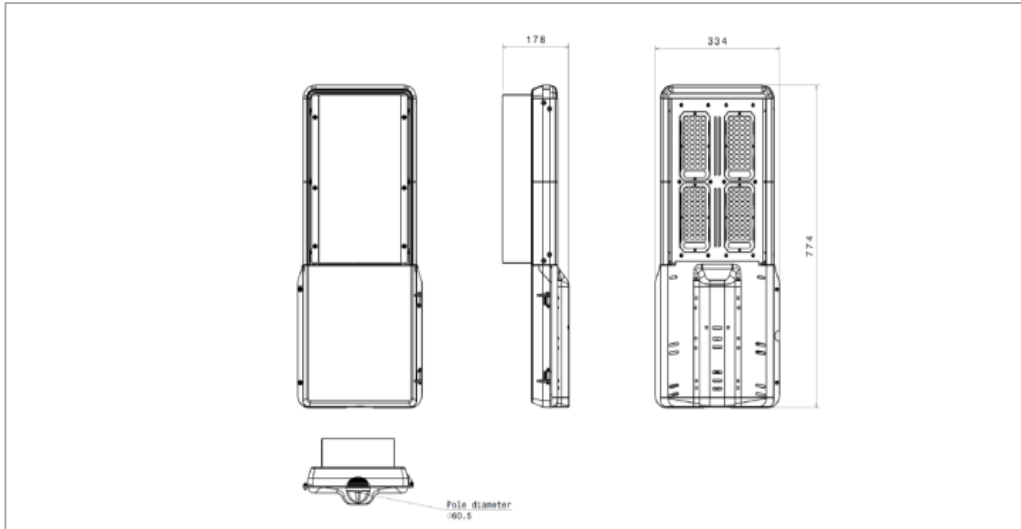

■ Applications

- Street Light
- Parking light

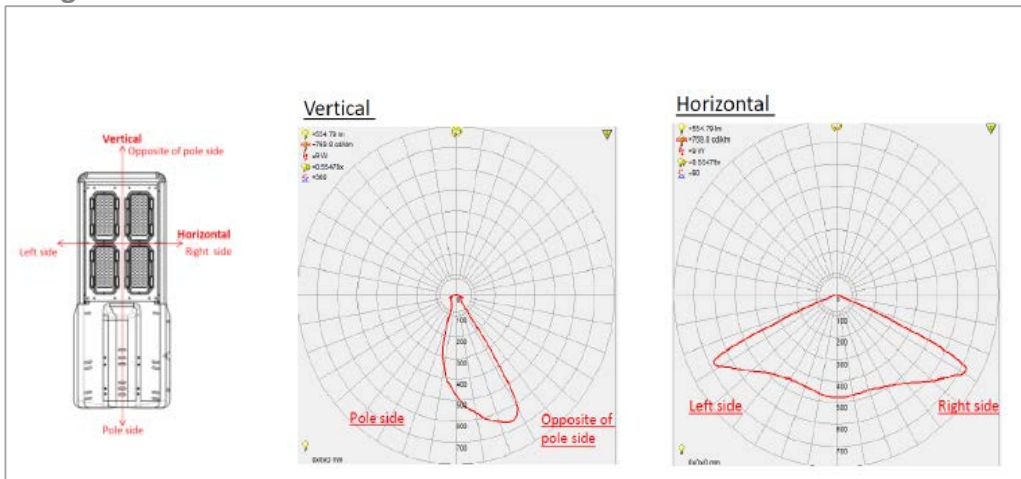

■ Technical Data

Parts Number	LLM0729A
Color Temperature	Sodium Lamp Color (Typ.2,200K)
Luminous Flux	16,000lm
Power Consumption	190W (AC220V)
Efficiency	92% (AC220V)
Input Voltage	AC 90~305V
Operating Temperature	-20°C~+50°C
Storage Temperature	-40°C~+80°C
Relative Humidity	90%
